INTRODUCTION

Living on-campus at the University of Connecticut is a privilege and is treated as such. Expectations of community living include, but are not limited to, sharing and negotiating the use of space with others, treating others with respect, communicating with roommates/suitemates/apartment mates or housemates as well as floor-mates, cooperating with Campus Housing, and complying with university policies. Residents found to be in violation of community living expectations will be referred to the community standards process.

All residents must accept responsibility for creating an environment that promotes individual growth and builds community through the safe, respectful exchange of diverse thoughts, opinions, and feelings. Unfortunately, a few students may abuse the freedom inherent in such an environment. Residents who breach the trust that has been extended to them by the University community shall be held accountable for their actions. Students are protected by the Student Code and Connecticut laws related to discrimination or harassment based on bigotry or bias. Harassment, including bullying, will not be tolerated at the University of Connecticut. Pursuant to the Student Code, not every act that might be offensive to an individual or a group will be considered harassment and/or a violation of The Student Code or housing contract. In cases where The Student Code or housing contract may not apply, Campus Housing will still consider appropriate educational remedies.

The University does not unlawfully discriminate in any of its education or employment programs and activities on the basis of an individual's race, color, ethnicity, religious creed, age, sex, marital status, national origin, ancestry, sexual orientation, genetic information, physical or mental disability (including learning disabilities, intellectual disabilities, and past or present history of mental illness), veteran's status, prior conviction of a crime, workplace hazards to the reproductive system, gender identity or expression, or membership in any other protected classes as set forth in state or federal law.

This document is developed collectively through several offices at the University, including the Office of General Counsel, the Center for Students with Disabilities, Facilities/Building Operations, the Provost's Office, Enrollment Management, and Dining Services. Financial information and details related to refunds are approved by the Office of General Counsel and align with the compliance expectations of the University. Housing rates have been developed over time by university administrators through assessment of occupancy, physical amenities and general housing market and higher education institution information. Housing rates are reviewed annually by the Board of Trustees and any rate changes must be approved by the board.

It is binding for the entire academic year or that portion of the academic year remaining when occupancy begins. Students who reside at the Storrs campus for the fall semester or attend any regional campus and change to the Stamford or Hartford campus for the spring semester can apply for on-campus housing and are eligible for residence per housing availability.

3. UNIVERSITY RESPONSIBILITIES

3.1 The University will provide a room accommodation to The Resident for a period of one academic year or the portion of the academic year remaining when occupancy begins (limited to the subsequent fall and spring semesters) exclusive of the Winter Recess period unless The Resident is assigned to a facility that remains open during this time or is approved to live on-campus during Winter Recess. Services provided by the University begin on the official check-in dates for the specific area and include access to the assigned building and room.

3.2 In accordance with University policy, the University will provide staff that will help facilitate a living experience that complements the academic mission of the University.

3.3 Exclusive of unanticipated weather events and building system failures that may disrupt service and subject to the availability of applicable resources, the University will provide adequate light, heat, electricity, hot water and telecommunication services (limited to video and internet connection) to residents. Student rooms shall be furnished.

3.4 In the event of an unanticipated facilities issue (flood, power or utility outage), the University will provide a temporary assignment in a different residence hall to students impacted. Temporary spaces will provide heat, electricity and furniture and may not be comparable to student's permanent assignment. The University will provide timelines of temporary assignments and work to be performed to the students, as available. If The Resident has approved medical accommodations through CSD the University will make reasonable attempts to match those accommodations in the temporary assignment. -Students will not be reimbursed or charged more for the difference in housing rates while in temporary housing.

4. RESIDENT RESPONSIBILITIES

The Resident agrees to pay all fees specified, to observe all rules and regulations of the University of Connecticut and to abide by the *Responsibilities of Community Life: The Student Code*, this contract and any addendum, as well as other University publications/policies. Residents assume total responsibility for their room/suite/apartment/house and for the behavior and activities which occur within all assigned living areas. Applicants and/or residents cannot exchange money or favors for a room assignment. Failure to fulfill the terms of the above may lead to termination of this contract, removal from on-campus housing, and a community standards process resulting in a sanction, including but not limited to expulsion.

5. RATES AND PAYMENTS

Room and board fees are approved by the Board of Trustees no later than the end of the spring semester for the following academic year; however, the University reserves the right to make adjustments as deemed necessary and appropriate in the sole discretion of the Vice President of Student Life and Enrollment or designee, at any time during the term of this agreement in accordance with Section 10. Revisions. Any adjustment will be communicated in writing to the student by means of University email.

5.1 Newly admitted students must pay the enrollment fee prior to obtaining access to the housing application. The enrollment fee is a separate fee managed through the Bursar's Office.

5.2 Residential area rates and board charges are payable when the fee bill is due to the University (usually by August 1 for the fall semester and January 8 for the spring semester). Assignments may be cancelled by the University if the balance is not paid by the stipulated due date or if alternate payment arrangements have not been approved by the University Bursar's Office. A specific assignment may be cancelled and does not release the student from their financial obligation for housing.

5.3 Residents are not entitled to any refund unless that student has been officially released from *The 2026-2027 On-Campus Housing Contract* pursuant to Section 7.7 Contract Release. Refunds will be based upon the University's refund schedule. Returning keys to University staff and/or removing belongings from an on-campus room does not constitute the approval of a release from the contract.

5.4 Parking is not included in residence hall fees. Parking permits for any and all areas of campus must be applied for and purchased at Parking Services.

6. ROOM ASSIGNMENT

6.1 Room assignments for new students are made through an online selection process. Efforts are made to accommodate roommate requests when they are mutual and submitted within the publicized timeframe and per availability each semester.

6.2 The Resident understands and agrees that the housing contract is for a room assignment determined by the University, not a specific room.

6.3 Directory information can be given out in accordance with university policy. The complete policy can be found at <http://ferpa.uconn.edu>.

6.4 Students who need a specific type of living environment due to a documented medical/health condition must register and apply for accommodations through the Center for Students with Disabilities. It is strongly recommended that any such requests be made by July 1 for the fall semester, and December 1 for the spring semester.- Accommodations may not always be met due to timing of approvals and availability of space.

6.5 Campus Housing reserves the right to change a student’s housing assignment when deemed necessary, including, but not limited to, the following situations:

- Consolidations utilized as an occupancy management tool.
- Reasonable cause to believe that the Resident has violated the student code, the housing contract, or University policies.
- Unresolvable conflicts within a community.
- Facility maintenance (includes unresolved ongoing facility issues), renovations, or closing of a facility.
- Administrative or programmatic needs; and
- Students occupying ADA accessible rooms may be relocated by Campus Housing if the ADA space is required for a student with accessibility needs.

6.6 The designated occupancy of a room is determined by the University and may change at any time. If a vacancy occurs in a room, the remaining student(s) in that room should expect a new occupant at any time. Uncooperative or unwelcoming residents, including but not limited to residents who move their belongings into the vacant space, will be referred to the community standards process which may result in loss of housing privileges, probation, suspension, or expulsion.

6.7 Room Purchase: After the fall/spring semester room change process purchase the entire room for the remainder of the current semester. The room purchase option is subject to the absolute discretion of Campus Housing and may not be offered every semester. All requests are subject to approval by Campus Housing staff and acceptance by the requesting resident(s). In situations where there is a vacancy in a space larger than a double, all remaining residents must agree to purchase the open space in order for the room purchase to be completed. Furniture will not be removed from any space after a room purchase is approved. A resident(s) who is not approved for a room purchase must prepare the room to receive a roommate(s) at any time. An effort may be made to notify the Resident in advance if another student has been assigned to fill the room. Husky Village residents are not eligible for this option.

Room Type	Rate to Purchase Room
Double Room as Single	Single rate for the area/room type
Triple Room as Double	\$725 per remaining residents
Triple Room as Single	Single rate for the area/room type

6.8 Occupancy of any room is limited to the resident(s) assigned to that room. A Resident who has contracted with the University for on-campus housing may not sublet, loan, assign, or transfer the contract to another person. Only contracted Residents may occupy the room/apartment. Overnight guests are limited (see Section 8. [Rules and Regulations](#)).

6.9 All room changes must be authorized by appropriate Campus Housing staff. Unauthorized room changes, including between bedrooms in apartments, may result in the loss of the room change privilege, additional charges, and/or disciplinary action. Students may not move out of or into on campus assignments without authorization of appropriate Campus Housing staff.

6.10 After the first day of classes each semester, Residents may not move out of or into Husky Village without authorization from both the appropriate University staff and the organization’s President or House Manager. Residents from other residential areas of campus cannot move into Husky Village. Students in Husky Village are permitted to change rooms only after authorization from both the appropriate University staff and the organization’s President or House Manager. All residents must communicate with their Organization regarding their prospective and continued residency to ensure the Organization can meet its obligations for occupancy. Members are expected to uphold all terms of the *Husky Village Contract*, *The On-Campus Housing Contract*, *The Student Code*, and/or other University policies or procedures that define the responsibilities of the residency.

7.7.1 The Resident can request release from the contract, which is subject to the approval of the Contract Release Committee. All requests to terminate the contract must be submitted in writing by completing a “Request for Release from On-Campus Housing” and submitted up to 10 business days after the housing cancellation application was submitted and no later than 6 weeks into the current semester. Requests will automatically be denied if they are not submitted in line with these expectations. A release will be granted only when it has been determined that circumstances are substantially different from the time the contract went into effect. Such releases will be considered for the following reasons:

- Academic withdrawal or dismissal from the University, verified through the PeopleSoft System. Refunds are based on the University Refund Schedule. A student who applies for and are assigned to on-campus housing but withdraw from the University will be given 24-hours from the effective withdrawal date to officially check-out of the residential assignment. After this 24-hour- period, the Resident will be charged a daily housing and meal rate (if the student has a meal plan) until he/she has officially checked out of the halls.
- December Graduates (Refer to Section 7.6.7 Cancellations);
- Affiliation with University of Connecticut programs that are outside a reasonable commuting distance from campus (e.g., Education Abroad, internships, Co-op, student teaching);
- Extreme, unanticipated financial hardship not present or known at the onset of the Contract; and
- Serious medical or health problems that cannot be accommodated successfully in any available on-campus living option.
- Husky Village contract releases must also be approved by the organization as this may result in a financial burden to the fraternity/sorority. A release approved from an organization and agreed upon by Campus Housing will usually result in The Resident being reassigned elsewhere on-campus.

7.7.2 Supporting documentation must be submitted with the “Request for Release from On-Campus Housing” form. A release will only be granted if it is determined that the situation cannot be relieved by relocating the student to other on-campus housing.

7.7.3 Reducing course load from full-time to part-time does not automatically constitute grounds for release from this contract.

7.7.4 A resident who retains enrollment yet moves out of an on-campus housing assignment without approval from Campus Housing is liable for all room and dining fees remaining on the student fee bill.

The following reasons do not need to submit a Contract Release Form, but do need to cancel by posted deadlines:

- Academic withdrawal/dismissal
- Not retaining enrollment at current campus.
- December Graduates

- Students studying abroad as part of an approved EGL program.

7.8 LIABILITY/RESPONSIBILITY FOR PERSONAL PROPERTY

The Resident is encouraged to obtain appropriate insurance and is responsible for protecting and securing any personal property located within any on-campus assignment. The University assumes no legal obligation for damage, theft, or loss of personal property.

7.9 DAMAGES AND UPKEEP OF FACILITIES

7.9.1 The Resident is expected to reasonably maintain the assigned living space and common areas relative to order, cleanliness, and safety. The Resident will be held financially accountable for any damage, modification, or excessive cleaning required to their living space or furnishings therein and may be subject to disciplinary action. All repairs/replacement work will be initiated and accomplished by the University or its designee. If a room/common area/bathroom is found to be unsanitary during an inspection, The Resident may be billed for excessive cleaning, including the moving of student belongings or the removal of student belongings/trash left behind. When two (2) or more residents occupy the same room/apartment/floor/community and responsibility cannot be ascertained, the damage charge will be assessed equally among the residents.

7.9.2 Writing, vandalism and alterations on/to doors is prohibited. If damages to the exterior surface of a room door occur due to vandalism, the Resident(s) must inform a hall staff member of the incident within 24-hours. This will enable the Resident to contest responsibility for the charges. If damages occur to common areas within buildings, such as lounges, bathrooms, lobby areas and responsibility cannot be ascertained, the damage charge can be assessed equally among the residents in the floor/building.

7.9.3 The Resident agrees that no alterations, repairs, or modifications will be made to the permanent structure and fixtures of the room, including but not limited to: walls, doors, furniture, bathroom facilities, windows, and other equipment in the room. Painting of rooms, apartments or any common area is prohibited. Self-adhesive LED light strips use a strong adhesive to adhere to the walls. When removed, it is very common for them to remove large portions of paint from walls, which may result in damage charges when the lights are removed. Instead of using self-adhesive LED light strips, consider using painter's tape or other easily removable adhesive to hang them on walls.

7.9.4 The Resident assumes responsibility for the daily care and cleaning of the room/apartment and its furnishings, and for maintaining acceptable sanitation and safety conditions. Periodic cleanliness (Health and Safety) inspections will be made. Students in suites, apartments, and Husky Village are responsible for cleaning their common area, bathroom(s), and bedrooms as applicable.

7.9.5 The Resident agrees not to duplicate any issued keys. If a key is lost on the Storrs campus, the Resident agrees to immediately notify Operations Center at (860) 486-3113 and must pay all charges associated with key and lock core replacement. Key or access issues should be reported to livingoncampus@uconn.edu. The Resident is not permitted to borrow keys that have not been assigned to The Resident by the University or to give any assigned keys to other individuals.

7.9.6 The Resident will be assessed \$50 for each lock-out. Residents can gain access to their room when locked out by calling Operations Center at (860) 486-3113.

7.9.7 The Resident agrees to keep all maintenance closets and panels accessible at all times, where applicable in apartment spaces.

7.10 CHECK-IN AND CHECK-OUT

7.10.1 Specific check-in information will be provided to all Resident students via the Campus Housing website (<https://campushousing.uconn.edu>). A resident planning to check-in after the stated arrival period, must notify Campus Housing prior to the stated check-in time.

7.10.2 Each Resident is given a room key or card access to the apartment/room, and electronic card access to the building through their ID card or a key to the outside/foyer door. Residents may receive additional keys within specific areas of campus, such as mailbox keys. Residents who lose their room or mailbox key, or fail to return keys upon vacating the room, will be charged accordingly. Keys cannot be returned through the mail.

7.10.3 Residents who fail to follow proper check out instructions upon vacating that room forfeit the opportunity to contest room damage charges. Residents will be billed for any keys not returned at a rate of \$150 per door and \$15 per mail key.

7.10.4 Residents granted a contract release/cancellation must follow check-out procedures and must remove all belongings. Failure to do so may result in a reduction of refund if one is due or may result in additional housing charges.

7.10.5 Residents forfeit any and all rights to any items left in the residence facilities at the end of the contract term, or when a student is no longer assigned to the space. All items will, at the University's sole discretion, be reused, donated or discarded. Any such items are deemed to NOT be "Abandoned Property" under Chapter 32 or "Lost and Unclaimed Property" under Chapter 859 of the Connecticut General Statutes. In the event a resident leaves his or her room in such a condition that it requires the attention of cleaning and/or facilities staff, a cleaning and/or repair fee may be assessed to the resident.

7.11 ROOM ENTRY/INSPECTION

Campus Housing will strive to respect the privacy of the Resident. A goal of Campus Housing is to preserve the health and safety of the Resident while maintaining an environment that facilitates safety and scholarship. At times it may be necessary for University staff/affiliates to enter a student's room, or for University staff to escort non-University personnel to an apartment or residence hall room. Reasonable efforts shall be made to notify The Resident(s) in advance of any entry. Staff members will not enter a student's room without consent of a resident except as follows:

- Repairs, maintenance, building systems and building support inspections, facility improvements;
- Recovery of University/State-owned property not authorized for use in the assigned space;
- Fire, health and safety, and cleanliness inspections made periodically, as well as at all closing/vacation periods;
- When there is reliable information that an emergency exists (including but not limited to fire, accidents, sickness, or danger to the health and welfare of residents); and
- When there is reliable information that a University policy is being violated. The University reserves the right to remove any items not in conformity with its policies.

7.12 LEAD PAINT

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips and paint dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, landlords must disclose the presence of known lead-based paint and lead-based paint hazards in the dwelling as required by U.S. Law. At the University of Connecticut, Northwood Apartments, and other apartments in various residence halls were constructed prior to 1978. In compliance with this act this is to inform The Resident that the University has no knowledge of the presence of lead-based paint or lead-based hazards in these apartments.

Upon occupying an apartment that was constructed prior to 1978, The Resident will be able to review a pamphlet, Protect Your Family From Lead in Your Home, published by the EPA pertaining to lead-based paint hazards. Please contact Operations Center at (860) 486-5249 to obtain this pamphlet in a language other than English. The pamphlet is available in the following languages and can be downloaded from the EPA site:
